

## Better Training for Safer Food

Training activities on Feed production and contaminants in food and feed mainly for EU MS

### Training sessions on “EU legislation on feed”

WP2 – Course 1

The Executive Agency for Health and Consumers is organising, on behalf of the European Commission’s Health and Consumers Directorate-General, a cycle of six courses in the field of EU legislation on feed mainly for EU Member States within the Better Training for Safer Food initiative. In total, 30-35 participants coming from selected Member states will be invited for each training. The seminars will take place in Tallinn, Bremen and Barcelona in 2013/ 2014.

The objectives of the **specific training courses on EU legislation on feed** under the BTSF initiative are to disseminate and clarify the appropriate legal requirements, providing the knowledge and technical expertise to inspectors working in the feed area within the Member States.

At the end of the courses it is intended that the participants can perform their tasks and guarantee the verification of compliance with the established basic and specific feed rules.

The programme of the training courses and further information can be found on the contractor's website: <http://btsf.euroconsultants.be/>.
