**A:** **Responsabili della sicurezza**

**Oggetto:** **RICHIAMO URGENTE DI DISPOSITIVO MEDICO**

**Prodotto interessato:** **Varie teste e coni femorali in confezione sterile (ved. Allegato 1)**

Zimmer ha individuato un sottogruppo di prodotti realizzati prima della metà del 2012 e confezionati in una particolare configurazione che non ha superato gli appositi test di qualità a causa della potenziale compromissione del contenitore sterile interno. La configurazione della confezione è costituita da una doppia barriera sterile. Non sono stati segnalati casi di compromissione del contenitore esterno; pertanto, il dispositivo continua a essere sterile quando viene impiegato durante l'intervento chirurgico. Il presente richiamo non riguarda il rischio di alterazione della sterilità, ma la rimozione di eventuali prodotti non consumati in considerazione del fatto che la confezione potrebbe non presentare la doppia barriera sterile prevista. Zimmer sta effettuando un richiamo volontario dei dispositivi non consumati indicati nell'Allegato 1.

Secondo la documentazione in nostro possesso, Lei potrebbe aver ricevuto uno o più prodotti interessati da questa configurazione della confezione. Le facciamo notare che la produzione di questa configurazione è terminata nella metà del 2012. I dispositivi interessati sono stati distribuiti tra maggio 2005 e novembre 2014.

#### **Rischi**

- Se viene rilevato un contenitore compromesso, è possibile prevedere un lieve ritardo nel completamento dell'intervento chirurgico, in attesa di ricevere un prodotto sostitutivo.
- Nell'improbabile caso in cui si verifichi una rottura sia del contenitore interno che di quello esterno e tale rottura non venga rilevata in presenza di contaminanti, sussiste il rischio di un'infezione periprotetica, con conseguente possibile necessità di un intervento chirurgico di revisione. **NOTA:** considerata la doppia barriera sterile della confezione, l'eventuale danneggiamento della scatola esterna non determina la compromissione del contenitore interno.

#### **Le sue responsabilità**

1. Leggere attentamente la presente notifica e accertarsi che il personale interessato sia a conoscenza del relativo contenuto.
2. Se rileva eventuali prodotti non consumati tra quelli elencati nell'Allegato 1, li metta in quarantena e avverta il rappresentante commerciale di Zimmer.
3. Il rappresentante di vendita Zimmer suo referente ritirerà il prodotto in questione dalla struttura interessata.
4. Si prega di compilare e restituire l'Allegato 2 a [corporatequality.postmarket@zimmer.com](mailto:corporatequality.postmarket@zimmer.com).
5. **Qualora dopo aver letto la presente notifica desideri porre ulteriori domande o abbia dubbi, contatti il rappresentante di vendita Zimmer suo referente.**

### **Comunicazione agli organi di vigilanza**

Questa notifica volontaria verrà riportata alla Food and Drug Administration (“FDA”) americana e all'autorità competente a livello locale.

Eventuali reazioni avverse manifestate con l'uso di questi prodotti e/o problemi di qualità possono anche essere riportati secondo la Linea Guida MEDDEV 2.12-1 Rev. 8 all'autorità sanitaria locale del rispettivo paese.

Si prega di informare Zimmer su eventuali eventi avversi associati a questo dispositivo o ad altri prodotti Zimmer. Gli eventi avversi possono essere riportati a Zimmer all'indirizzo [zimmer.per@zimmer.com](mailto:zimmer.per@zimmer.com) oppure al proprio rappresentante di vendita Zimmer.

Cordiali saluti  
Matthias Bürger  
Vicepresidente  
Assicurazione Qualità e Affari Regolatori - EMEA
