Subject: **African swine fever in Estonia – one outbreak in a backyard farm and one case in a wild boar - in the restricted areas listed in Annex to Commission Implementing Decision 2014/709/EU**

Message:

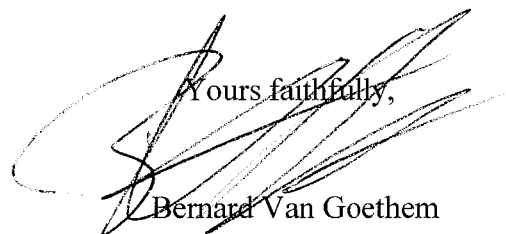

Please find attached information from the Estonian authorities regarding the confirmation of African swine fever (ASF) in:

- one backyard farm located in Viljandi county, Viljandi parish, and
- one hunted wild boar in Tartu county, Peipsiaare parish.

Measures in line with Council Directive 2002/60/EC are being implemented.

Please note that this farm is located in the restricted area listed in Part III of the Annex to Commission Implementing Decision 2014/709/EU and that the wild boar was hunted in the area listed in Part I of that same Annex.

I will keep you informed about further developments.

Yours faithfully,

 Bernard Van Goethem
